Out of the Deep Freeze?

—McCarthy

—Fitzpatrick
FATHER COTTER

Native New Yorker

Under the inspiring and able direction of the Rev. Raymond Cotter, S.J., the annual Novena of Grace, in honor of St. Francis Xavier, turned out well indeed. The Novena was begun on March 4 and continued through to March 12.

On the days of the Novena, Fr. Cotter spoke at daily services in the chapel and delighted his listeners with his positive, direct and pleasantly informal presentation of the divine lessons inherent in the life of St. Francis.

At each successive service a substantial increase in attendance was noted. Having once heard Fr. Cotter no one would find this difficult to understand. His exuberant personality attracted many and made him the most talked about person at Le Moyne during the Novena.

Fr. Cotter is a native New Yorker, as his accent indicates. The very heart of Manhattan, Forty-second Street, was his home for many years. A graduate of Fordham, he taught at Xavier High School in Manhattan and St. Peter's High in Jersey City. He was given retreats at the Morristown Retreat House and also at the Jesuit retreat house in Albany which was last the scene of his activities before he became Retreat Master at Christ the King Retreat House here in Syracuse.

Fun Plus Work

Last Wednesday evening, March 16, eleven young Le Moyne men met in Father Brady's office and listened to Fran Barclay and Nelson Zimmer explain the function of the NSA. Ronnie Fox explained the details of the National Federation of Catholic College Students.

Fran Barclay, who holds a regional office in the NSA, said, "I can promise anyone who works on the NSA committee a lot of fun and a lot of work." He explained that the NSA represents one and one-half million students in the U. S., and that the movement is growing. Syracuse U. voted to join, thus giving this area almost twenty thousand organized students. One of Le Moyne's specific duties is to try to influence the upstate New York institutions to affiliate with NSA.

Nelson Zimmer gave a brief outline of various projects that the NSA hopes to promote in this area next year. He mentioned the "purchase card system," whereby a student could purchase from its local NSA chapter an identification card for the price of one dollar, which would entitle him to go to any store affiliated with NSA and receive a discount of from ten to twenty per cent on his purchase. This project will be undertaken in conjunction with S. U. Next year, also, NSA would like to bring to Le Moyne an "Art Culture." Foreign tours, during the summer, under NSA, are also in the program for the future.

Ronnie Fox, in his explanation of the NFCCS, said that Le Moyne would be in the Lake Erie Region along with such Catholic colleges at Canisius, St. Bonaventure, Niagara and Nazareth. He explained that it was a federation of all Catholic colleges in America. They work together to protect the Catholic college student. Today, their main efforts are directed towards combatting Communism; by aiding the starving students in Europe and by striking out against Communist infiltration in the U. S.

The NSA and NFCCS will work independently of each other at Le Moyne. They are united in spirit, however, for each in its own way will try to raise the standards of the college student in America.

Papal Celebration

On April 2nd, next, His Holiness, Pope Pius XII, will celebrate his fiftieth anniversary as a priest. As part of the golden jubilee celebration, His Holiness will make a world-wide radio broadcast, which is anxiously anticipated by the people, not only of the Catholic faith, but of all the world.

In America there will be special cause to celebrate, for he is the only Pope to have visited our country. When in 1936, as Cardinal Pacelli, he flew to the United States, on a tour of North America, he was very impressed. Since the United States is in a better position than any other country in the world to help him, there is also a special reason for us to support the interests of His Holiness.

Every church in every diocese in the country is preparing a spiritual bouquet to be sent in time for his celebration. At Le Moyne, a drive which is going on in all the Jesuit Provinces, has been started. The money collected from the student body will be used for an improved radio station in the Vatican. The one that the Pope uses at the present is inadequate for the work that must be done. If the work of His Holiness is to continue successfully, the radio facilities must be immediately improved.

Throughout the United States, special Masses will be said in honor of the Pope and at Le Moyne a special Mass will be celebrated on April 1st in the Auditorium. The student body will attend and pray for the intentions of our spiritual leader. Very Rev. William J. Schlaerth, S.J., will preach the sermon.

For ten years now, Pius XII has been working consistently for world peace. The war has not discouraged His Holiness, but its advent has only made him redouble his efforts to have a lasting peace.

Left to rights Wilson, Dermody, Reith, Rowe, Thomas, Handlin —Brandon

ACTIVE PROGRAM FOR C & I

Le Moyne's aspiring business men and women have settled down to business in the Commerce and Industry Club.

Following the speech and demonstration on February 23rd, by Mr. James D. Donovan, Eastern District Manager of the Underwood Corporation, at the

college auditorium, the club held its annual election of officers. Last year's treasurer, Bob Dermody, was unanimously elected to wield the gavel. During his administration, Dermody will be surrounded by capable assistants. Howard Looney will serve as vice-president, Joan Giemza for the second consecutive year will record the notes of the meetings, and Joe Losurdo, recently appointed auditor, will work in close coordination with Jim Wilson, newly elected treasurer.

These new officers have arranged a busy program for the remainder of the semester: a tour of Bristol Laboratories, a business machine demonstration and talk by an officer of International Business Machine Corp., a visit to the editorial and printing offices of the Syracuse Herald-Journal. On the social agenda the club plans to hold its second annual banquet immediately after Lent and a picnic for members at Our Lady of Lourdes Camp, Skaneateles Lake, sometime in May.

Another ambition of the group is the erection of a "club employment agency." Members of this group will contact local business establishments hoping to obtain part-time and summer work for students. It is hoped that arrangements can be made whereby these employment managers will interview students for permanent employment upon graduation.

START THE MUSIC

School spirit has been the topic of many conversations of the students and faculty members recently, because of the apparent absence of this intangible thing here on the Heights. Although grumblings about the lack of spirit are frequently heard, nothing concrete has been done to improve the situation.

The pep rally, before the Le Moyne-Siena game, saw the high-point of Le Moyne spirit. Since this game, the school spirit has deteriorated to such a degree that today it is apparently non-existent.

Last year's class had a fine family spirit. This year, that spirit seems to have disappeared. What can be done to restore that feeling of harmony that was so prevalent last year?

We feel that a school song can do much toward recapturing this unity. For as the strains of "alma mater, my alma mater" peal through an assemblage of college students, there is a certain pride that swells up in the hearts of the group and an undescribable tingling sensation that travels up the spine of each individual in the group.

Father Schlaerth has electrified the student body many times with his statement, "This is another first at Le Moyne!" The present student body is creating "the Le Moyne Tradition." One of the basic foundations of tradition is a school song. This school song should be written before a class graduates from Le Moyne. Last year an attempt was made to write a

school song, but this attempt did not bloom into fruition. Next semester, when we re-enter the buildings on the Heights, we would like to have Father Schlaerth electrify the student body by announcing that marching along with the other "firsts" is the new "Alma Mater."

However, much will have to be done before this announcement can be made. If there is not sufficient talent among the present student body, means should be devised whereby a fund may be created to hire a professional song writer to compose an Alma Mater. This should not be considered as an insult to the students, for other schools have employed this method in order to obtain their alma mater.

Since money is budgeted to cover the running expenses of the College, should not some of this money be allocated for the composition of a Le Moyne Alma Mater? In order to build a good Le Moyne tradition, we must have a good foundation. That good foundation is embodied in a strong school spirit. Le Moyne as yet does not have a strong school spirit. We need some "mortar" to hold together the individual members of the student body. That "mortar" can only be supplied by a school song that will embody all the hopes, trials, and joys of the school.

THE MIGHTY MITE

The battle of the Philippines is over for many, but for a few it has just begun. What is this battle? It's not a battle of guns, tanks or physical oppositions; it is that battle which takes place between man and his struggle for survival.

This survival is not for the existence of life alone, but rather the preservation of the religious work which was made manifest by Spanish Jesuits, many years ago.

Today this fight against the ever existing evil of paganism is carried on by their (Jesuit) successors, namely the Jesuits of our own New York province. Their cross is heavy, their trials many and their work often unrewarded. This, however, is of little importance to the Jesuits themselves, because they fully realize the dire need of such an undertaking.

We as Christians have the priceless opportunity of aiding this divine work of saving souls. You may ask, how is this possible? The answer is a simple one needing little elaboration, but it is a foregone conclusion of paramount importance that we must seek financial aid to carry on the struggle for the acquisition of souls.

The Jesuits cannot do this alone; they need your aid, both spiritual and temporal.

The money which you so generously contribute to the mite-box for that purpose will give to them the bare necessities of life which we, as Americans, inherit at birth.

They need aid and we are in a position to help them; contribute to your mite-box and feel assured that your reward shall be returned a hundred-fold.

SPLASHES OF SPORTS

"Dick Riley, Lou Donahue—A Touch of Tipperary"

GREEN DOLPHINS NOT SO GREEN

Every good coach is a firm believer in the old and proven rule that a team is no stronger than its substitutes. This is Tommy Niland's opinion, too. A winning record in a varsity season speaks for the quality of the Dolphin substitutes.

Heading the list of able reserves were native Syracusans and former Parochial League stars, Dick Riley of St. Anthony's and Lou Donahue of Rosary. Although these two athletes are small as college ball-players go, they have made up for their lack of size by their sure ball-handling and hustling floor-play.

Dick Riley has long found himself starring on the courts of Syracuse. He, along with Captain Don Savage and Bob Hurley, former teammates in high school, helped to inaugurate basketball at Le Moyne last year. As a freshman, Dick proved his versatility not only by his steady performances on the court, but also by becoming a valuable member of the baseball squad. This season was one of continued improvement for Dick, who demonstrated in the last stages that he was definitely a scoring threat as he chalked up "double numbers" against Cobleskill.

While Riley was preparing for college, his teammate of the future, Lou Donahue, was recovering in an army hospital from wounds received in the service. Although Donahue was a court

star in the Parochial League for two or three years before Riley came on the scene, the war's interruption caused both to enter Le Moyne at the same time.

Beginning play after a considerable layoff was hard on Lou. Slowly, he regained the self-assurance and form that was his during his high school career. Lou could really move the ball into the forecourt and was rated by his teammates as the proud possessor of a "good eye." Lou's wealth of experience and poise came to the fore several times this past season.

Next year, when basketball season rolls around once more, it is conceivably that these two substitutes might be in the thick of the fight for a starting berth. At any rate, Coach Tommy Niland will definitely be able to count on Dick Riley and Lou Donahue as capable substitutes.

Hooks 'n Hits

Play ball! Batter up! Strike him out! Hit the dirt! Yes, it's here. The Dolphins will soon dig in their cleats and take to the diamond. The base-paths may be muddy and the air cold, but there is an old weather observation around Syracuse that says, "When winter ends, baseball begins even if it is June 1." But the unusually warm weather this winter has brought promise of an early spring and a correspondingly early call for baseball practice! This additional time will enable the coaches to look over their material very carefully and will give each candidate a real chance to prove himself.

This season both Varsity and Frosh squads will dig their cleats in at home plate, which is at Griffin Field again this year. Tommy Niland, last year's able coach, will guide the Varsity while Anthony "Babe" Testone will be the yearling coach.

Coach Niland was quite enthusiastic about the prospects of his all-sophomore team when interviewed by the DOLPHIN.

"I hope to see the hustle and spirit of last year's team repeated this season," he said between puffs on his cigar.

"How do you expect the squad to shape up?" he was asked.

"It is hard to tell at this early date, but I wish to take this opportunity to say that all positions are open to players with talent. However, we will see some fine battery-men come out from among Joe Boehm, Bob Haggerty, Norb King, Bill Kerrigan, Don Miller and others. Dick Riley, Joe Fiumano, John Testone, Joe Mannara in the infield, and outfielders "Red" Greiner, Dick LoCastro and Joe Compolieta will all be out to keep their positions."

"Whom is Le Moyne playing this season, coach?"

"Much of the schedule is still in the tentative stage, but there are definitely home and home series with such colleges as Cortland, Oswego and Brockport in May. There are still many games to be scheduled for April."

Frosh Coach Anthony "Babe" Testone, a sophomore in Business C, was also interviewed. He also stressed the fact that all positions on his squad were open and expressed the opinion that last fall's baseball practice was helpful to the men who were out at that time. Testone, with his professional experience, should prove a very capable teacher.

The frosh schedule is also somewhat tentative, but games with Hobart, Manlius, Cortland, Clarkson and Ithaca in May are assured.

Strong Finish

Le Moyne's basketball season came to a successful close last week, when both the Varsity and Frosh cagers were victorious.

The Dolphin Varsity ended their first season of major competition with victories over the Cobleskill Aggies and the Kings College quintet of Wilkes Barre.

Striking quickly in the second half, the Le Moyne Varsity piled up an unsurmountable lead over Cobleskill and coasted home a winner, 65-36. Dave Lozo led the individual scoring for Le Moyne with 19 points, but Dick Riley, a substitute guard, stood out with 13 points.

Kings College, holding a halftime lead of one point, was no match for the resurging Dolphins and went down to defeat at the hands of the visitors, 82-68. Joe Boehm sparkled for Le Moyne with his alert play and together with Dave Lozo led the scoring with 23 points. Alex Wawer of the homesters took game scoring honors with 24 points.

Le Moyne's freshman basketballers spoiled a dedication game for Manlius Military Academy's new basketball coach, Harold J. "Whitey" Anderson, in a game played at Binghamton last Saturday night, by humbling the Cadets, 72-61.

Every one of the Le Moyne cagers participated in the scoring, with Jimmy Hand and Casper Mozo leading the way with 22 and 18 points, respectively. Don Foreman of the Cadets was a thorn in the side of the Dolphins all night and

SPORTLIGHTS

BY FRED PICARDI

An Open Letter to Downtown Sports Editors.

Gentlemen:

As you may have heard, Le Moyne has recently completed its first season of varsity basketball. True, it wasn't a sensational season, but it was a good one, especially for an all-sophomore team. You don't hear many people on the Heights complaining about Le Moyne's first varsity court venture; all are pretty well satisfied. But, gentlemen, you do hear complaints.

This is where you come in, or should we say, don't come in. You see, the most vociferous outbursts have been in regard to the publicity Le Moyne has—or has not—been getting on your sports pages.

There is little or no wishful thinking on the Heights. The student body hasn't developed the attitude that Le Moyne belongs right up there with Kentucky in College Basketball. At present, that would be very foolish, indeed. We do, however, play college basketball, and the calibre of opposition will be much improved in the not-too-distant future. The "beef" is that we feel the Dolphins are not getting the attention a college basketball team should receive.

You might have a point in saying there is not enough "local interest" in Le Moyne basketball to warrant more publicity. We do not, however, believe this is so. We feel that publicity governs more than it reflects public attitude. You've been around long enough to realize that. Besides, there are quite a number of people around Syracuse who are watching the growth of Le Moyne with an avid interest. The students and their families are only a part of this group. Don't forget, these people read your papers, too.

With an eye towards better things to come, we remain,

Sincerely yours,
THE LEMOYNE STUDENT BODY.

P.S.—By the way, we are fielding a Varsity Baseball Team this spring.

he wound up with 34 points. This was the first engagement between the two schools and gives the Dolphins a head start in the record department.

HUGHES STARTS SPRING SESSIONS

The appearance of a short, loud-mouthed, energetic man with a stub of a cigar in his mouth on the campus can mean but one thing—someone is going to run. This man is none other than Le Moyne's track coach—Pat Hughes. To most of the followers of track in local competition Mr. Hughes is no stranger. He has been track coach at Eastwood High School for several years and has led the East-side harriers to the City championship on more than one occasion.

When interviewed concerning Le Moyne's future on the cinder paths, Hughes seemed optimistic. One of his brightest stars, Ray Hanlon, mainstay for Hughes when he was a student at Eastwood, is back in track suit. Although there are now promising prospects other than Hanlon working out, the worst problem facing the Dolphin mentor is his lack of manpower. An apparent disinterest or disbelief in personal ability has kept the number of those engaged in workouts at a minimum, despite the appearance of many pleading notices on the bulletin board. In Mr. Hughes' own words, "I'd hate to go through a whole season and find that Le Moyne had a potential Greg

Rice or Charlie Paddock who was afraid to show what he could do."

Because the school affords no place for his boys to dress before working out and to take showers afterwards, Hughes went to work trying to find such a place. The answer proved to be the fire-house on Salt Springs Road. Here was found adequate dressing and showering space for the squad. The gently (?) rolling hills of the surrounding countryside have unlimited possibilities as practice courses.

When the weather breaks it is hoped that a portion of the school property adjacent to the fire-house can be leveled to permit the construction of jumping pits and practice grounds for the shot-putters, javelin and discus throwers.

Mr. Hughes has scheduled tentative dual meets with three upstate institutions of higher learning—Niagara University, Brockport and Oswego State Teacher Colleges. Other meets will be slated if Hughes is able to field a squad of at least forty men. It is also possible, if the response warrants it, that a Le Moyne team could be entered in one or two of the country's larger meets.

FACULTY DISCOUNTS GIVEN

JACKPOT

Last year Le Moyne pioneered in the modern field of radi-oratory because it was realized that public speaking by radio had made necessary an entirely new and more intimate pattern of thought communication.

Because of last year's successful venture, plans have been made for the College's second annual oratorical contest which will take place on May 15. Through the cooperation of Mr. Raymond Ganter, program director of WFBL, and Mr. Lawrence View, publisher of the Catholic Sun, the official diocesan publication and contest sponsor, all Le Moyne students who have maintained at least a C average will have an opportunity to try for the one hundred dollars in prizes that are offered. The first prize consists of a two-day, all expense trip to New York or seventy-five dollars in cash. In addition, a medal will be presented and the winner's name will be inscribed on a plaque for the school's foyer. The second prize winner will receive twenty-five dollars in cash. An added incentive is the promise that all finalists will be excused from further speech-making and compositions for the term.

All participants who enroll in the Registrar's Office before April 8 will be required to deliver a three-minute speech on any subject they desire for the elimination competition which will take place Monday, April 11. The final speeches will be four and one-half minutes long and will cover the general topic, "Soldiers of Peace." These speeches will be broadcast over WFBL.

SPRING FANCY

In the spring a glee club's fancy lightly turns to thoughts of a concert! Le Moyne's Glee Club is no exception and the date is set for May. Every Monday evening the serious music enthusiasts meet in the auditorium, and under the direction of Mr. William Bowers they practice for the coming program. There are lighter moments in the routine. At one "eve" rehearsal the strong tenor section was made even stronger by the addition of the voice of the College President.

A glance at the tentative concert program shows that the songs will include "Adoremus Te Christe," "Galway Bay," and the prayer from Hansel and Gretel, "Little Golden Sandals." Add to this a special attraction the ensemble, unofficially called the "triple trio," will blend a peppy rendition of "Bidin' My Time" and a moving version of "Smoke Gets in Yours Eyes."

The Glee Club has expansive ideas for the future—culminating in the hope for road tours . . . SOMEDAY!

CLUB CLICKS!

With a click and a flash it's here and here to stay—the new Camera Club.

Originated last semester, the Club has elected as its officers Jim Lauducci, President; Salvatore Emmi, Business Manager; Leon Bartle, Treasurer, and Mary Schwenderman, Secretary. The new organization, according to its constitution, grew from the desire to develop the interest of its members in photography and operation headquarters will be in the Science Building's dark room, now almost complete.

The first project of the infant club is a prize contest for its members who will submit pictures of all the Catholic Churches in Syracuse. Listed on the Club's roster are Tony Rosati, Bob Dotterer, Bob Gullota, Vic Liccioni, Louis Izzo and Tony Brassi. The "welcome" mat is out, however, for new members.

JAY-GEE

All accounting students have applied the "Last In First Out" method in getting on the local buses.

All the students who have classes in Room 213 in the Science Building, are quite puzzled as to what that yellow and blue contraption is.

Joe Murray's latest saying is "Soup's On," since he had a slight accident

Walt Kelly, Debbie Kwasigroch and Paul Kenny had a very interesting game of shuffleboard going on during one of the recent lunch periods.

This term there is going to be a collection to get Mr. Niland a new cigar for next year.

A new student has entered one of the Freshman English classes. The English instructor introduced him as "Pinwheel" Kelly.

A big mistake of a Le Moyne student would be to try to out-talk a Charles Andrews student.

Probably the most aggressive student at Le Moyne is Alice Chalmers. She has plowed many times, the road leading to the Heights.

It's better to keep quiet and keep the teacher guessing rather than say

something and make him positive.

Farmers had their way in the recent debates in the Sophomore Economic classes.

Joe (4-ft. 27-in.) Barry has a gay old time playing intramural basketball. He says he could never take the game seriously. (Don't let the Nats hear that.)

A light lies in a woman's eyes,
And lies, and lies, and lies.

The rage of laughter coming from the Tuesday night Business Law I class is usually caused by a battle of wits between Mr. Conan and Miss Coughlin.

You can usually tell when John Touhey is coming by that new Stetson he's always sporting.

The school might have to eliminate its lighting system if Paul Halloran continues to wear that blue and orange sport coat.

There will be a meeting of all those on the Dean's list in the telephone booth on the first floor.

Mother: "Junior, don't use such bad words."

Junior: "Shakespeare used them."

Mother: "Well, don't play with him anymore."

—Mississippi COLLEGIAN.
